

COMMUNICATION AND INVOLVEMENT

Background

The District strongly supports and encourages good community relations and involvement in the District schools.

In general, the District's objectives with respect to the community shall be:

To promote effective and open communication with the public and within the District itself, on all matters pertaining to the operation of schools.

To make freely available any information that pertains to programs, practices and policies that are concerned with the educational welfare of students in our schools.

To foster and encourage effective two-way communications between each school and its parent community.

To encourage community involvement directly in the schools in such a way as to provide reinforcement to the learning situation.

The District encourages parents or guardians to discuss their interests regarding their children's education as early and as directly as possible.

Procedures

1. Normally, each Board meeting or Standing Committee meetings will be open to the public and occasionally, to encourage public participation, meetings may be moved to schools throughout the District.
