

PLAN FOR ALTERNATIVE DELIVERY OF PHYSICAL AND HEALTH EDUCATION K-10

Background

The purpose of this plan is to ensure that all students in the district have access to physical and health education. This plan is designed to provide an alternative delivery method for physical and health education for students who are unable to attend traditional physical and health education classes. This plan is designed to provide an alternative delivery method for physical and health education for students who are unable to attend traditional physical and health education classes.

Physical and health education is an important part of a student's education. It helps students develop healthy habits and understand the importance of physical activity and good nutrition. This plan is designed to provide an alternative delivery method for physical and health education for students who are unable to attend traditional physical and health education classes.
