

Supplement to: COMBINED EDUCATION & OPERATIONS POLICY AND PLANNING COMMITTEE

Date: November 13, 2018

Submitted by: The Mayor Laji

Item: Requiring Action Yes

Background:

During the civic election campaign at the District and City level, candidates are required to answer questions to all the candidates. The questions are:

There are many high school students who are not able to get into the courses they need to ensure they get into university. Universities do not recognize many of the elective courses that are offered at NWSS. How would you advocate for high school students to get into courses they need to graduate and go directly to university, without having to take extra online courses?

In addition to the current NWSS, a good number of high school students are not eligible to attend NWSS. It is being argued that high school students should be able to attend NWSS. It is being argued that high school students should be able to attend NWSS. It is being argued that high school students should be able to attend NWSS.

Recommendation :

To be able to attend NWSS, a good number of high school students are not eligible to attend NWSS. It is being argued that high school students should be able to attend NWSS. It is being argued that high school students should be able to attend NWSS. It is being argued that high school students should be able to attend NWSS.
